Carpenter, of the Tri-State League, has made a request of a boddng company for payment of \$2,000, the guarantee given by Wilmington at the beginning of the season that the club would play the full schedule of the season, and the company has notified F. P. Seppert forms and the company has notified F. P. Bennett, former president of the club, of the action of Mr. Carpenter.

It was stated this afternoon that un-iss the company recently formed makes ayment to the league officials for the ab, the latter will revert to the Tri-State League. To Overcome Running Start Server Must Have Both Feet Solid on Ground.

From England last week came the new service rule in lawn tennis, better known as applied to the vexed subject

Its wording is as follows:

"The server shall, before commencing to serve, stand with both feet at rest on the ground behind (that is, further from the net than) the base line, and within the limits of the imaginary continuation of the center service and side lines, and thereafter the server shall not run, walk, hop or jump before the service has been delivered, but the server may raise one foot from (and, if desired, replace it on) the ground, provided that both feet are kept behind the base line until the service has been delivered."
